

## Cork Rallysprint - 27 Dec 2008

Full Event Details and Regs!

It's that time of year again and all systems are go for the Cork Motor Club Christmas Rallysprint. Following on from the success of this event in 2006 and 2007 CMC are very grateful to the Waterford Hot Rod Club for allowing the to once again use their fabulous facility at "The Pike" Dungarvan, Co. Waterford. The course is very smooth with a tarmac/concrete surface which has proved very popular with competitors and spectators during the previous 2 years.

The track has proved to be a lucky one for the 2wd brigade as both previous winners were at the wheels of 2wd machines,

Jason Ryan taking the honours in 06  
with James Doherty following on in 07.

We wait patiently to see if that trend can be reversed this year.

The event takes place on Saturday Dec 27th so it's an ideal opportunity to sweat out that turkey and blow the cobwebs off the rally car.

Double driving is allowed with a maximum of three drivers per car.  
Navigators are also allowed provided they hold a valid competition license.

Scrutiny is from 08:30 to 10:15 sharp.  
First timed run 11:00 with a total of three timed runs.  
Maximum number of starter is 85.

The COC Paul Casey has already received a huge number of enquires about this event and is expecting to have a full house entry.

So in order to avoid disappointment please get your completed entry forms in as soon as possible.

Further details on this event can be found in the supplementary regulations or by contacting 086 8050710

Cork Motor Club will host a Rallysprint in The Pike Dungarvan on Saturday December 27th.

This venue provides a fabulous, smooth, sealed surface.

Maximum number of starters allowed will be 80.

Double driving will be permitted with a maximum of three drivers per car.

Regulations will be available to download from the Cork Motor club website shortly and competitors are urged to post entries promptly as enquiries are already being received about this event.
